Harbormaster™

Classic & Elegant Design

With its solid cherry tripod legs and polished hardware – brings to mind images of the swift clipper ships and jaunty seafarers of the late 19th century. Yet beneath the solid brass surface lies a 100% modern, high powered 35 x 76mm telescope with coated optics and an achromatic air-spaced objective lens for brilliant images and razor-sharp resolution. From a cosy apartment to a stylish work loft, the Harbormaster® makes a striking design statement in a variety of settings.

MODEL: 78 – 3576 (S\$8,888)
